

CZECH ASSOCIATION OF COMBAT MEDICS

UNCONVENTIONAL WARFARE
UNCONVENTIONAL MEDICINE™

A photograph showing a medical team in a tactical environment, likely a military ambulance or field hospital. Several individuals in military-style clothing are focused on providing medical care to a patient lying on a stretcher. The patient is covered with a silver thermal blanket. The background shows medical equipment, including IV stands and shelves with supplies. The scene is brightly lit, possibly by natural light from a window or door on the left.

POSTUP V ZAJIŠTĚNÍ POLYTRAUMATIZOVANÉHO PACIENTA V TAKTICKÉM PROSTŘEDÍ

Kluk z armády ČR

JAK NA VĚC?

- Modelem může být bojové prostředí a systém TC3?

NE TAK DOCELA

- Pozor na „BROUKY PYTLÍKY“
 - Jari má řešení.....

3 LEVELS OF CARE

- DT = jde o hu..
- ITC = „relativní bezpečí“
- EVAC = transport/ předání pacienta

!! DO THE RIGHT THINGS IN THE RIGHT TIME !!

A faded background image showing military medics in a field setting. One medic is kneeling and attending to a soldier lying on a stretcher. Another medic is standing nearby, and a third is partially visible on the right. The scene is outdoors, likely in a combat or training area.

ABCDE?

Fajn, když se to všude
píše!?

NEZAPOMNĚLI JSME NA NĚCO?

- Co takhle počítat s masivním krvácením.
- Pak tedy, kam s ním?

C ABCDE

- Ne, děkuji. Dal bych si raději.....
